

# M&D Industries of Louisiana, Inc.

## MATERIAL SAFETY DATA SHEET

### GMA #1

<b>Section 1:</b>	<b>Identification</b>
-------------------	-----------------------

Date:	January 15, 2013
Chemical Family:	Polymer Blend
Emergency Phone:	(337) 984-0471

<b>Section 2:</b>	<b>Hazardous Ingredients</b>
-------------------	------------------------------

None

<b>Section 3:</b>	<b>Physical Data</b>
-------------------	----------------------

Form:	Liquid
Appearance:	Light Brown
Odor:	No appreciable
Specific Gravity:	0.98
Boiling Point:	N/A
Melting Point:	N/A
Solubility in water (% by weight):	Soluble
Volatiles (% by weight)	N/A
Evaporation Rate:	N/A
Vapor Pressure (mm Hg at 20°C):	N/A
pH (1%)	N.D.
Viscosity sus at 100°F:	N.D.

<b>Section 4:</b>	<b>Reactive Data</b>
-------------------	----------------------

Hazardous Decomposition Products:	Combustion may produce carbon monoxide and/or carbon dioxide. Carbon monoxide is highly toxic if inhaled; carbon dioxide in sufficient concentrations can act as an asphyxiant.
Stable:	Yes
Incompatibility:	Sulfur dioxide possible. Strong oxidizing agents

<b>Section 5:</b>	<b>Fire and Explosion Data</b>
-------------------	--------------------------------

Flash Point:	N/A
Ignition Temp.:	>300°C
Flammable Limits, % in air:	N.D.
Extinguishing Agents:	Water or carbon dioxide.
Special Fire Fighting Procedures:	Do not direct a solid stream of water or foam into burning molten material; this may cause spattering and spread the fire. Use self-contained breathing apparatus and protective clothing.

<b>Section 6:</b>	<b>Emergency and First Aid Procedures</b>
-------------------	---

Eyes	Flush thoroughly with water.
Skin:	Wash with soap and water
Inhalation:	Remove to fresh air
Ingestion:	LD-50 (rats) is 5 grams per kilogram, "not toxic" by the oral route.

<b>Section 7:</b>	<b>Health Hazard Information</b>
-------------------	----------------------------------

Effects of Chronic Overexposure:	Not established
Effects of Acute Overexposure:	Prolonged exposure to high levels of dust in air may cause sneezing, coughing or other nuisance symptoms.

<b>Section 8:</b>	<b>Spill, Leak, and Disposal Procedures</b>
-------------------	---

Cleanup:	No unusual procedures - wash with water.
Waste Disposal Method:	Customary procedures for industrial waste treatment. Follow city, state and federal regulations.

<b>Section 9:</b>	<b>Protection Information</b>
-------------------	-------------------------------

Ventilation Type:	Normal
Respiratory Protection:	Air purifying respirator recommended for prolonged exposure.
Protective Gloves:	Rubber recommended
Eye Protection:	Chemical goggles
Other Protective Equipment:	None required
Handling/Storage Precautions:	Use Normal care.
Keep container closed. Use with adequate ventilation	
Electrically Bond and Ground all containers, equipment and personnel before transfer or use of material.	

<b>Section 10:</b>	<b>Additional Comments</b>
--------------------	----------------------------

The information and statements contained herein are believed to be reliable; but are not to be construed as a warranty or representation for which we assume legal responsibility. Users should undertake sufficient verification and testing to determine the suitability for their own particular purpose of any information or products referred to herein. Nothing herein is to be taken as a permission, inducement or recommendation to practice any patent invention without a license
